1. The PLU Map has been prepared from the base map prepared by superimposition of cadastral maps and physical features depicted from satellite imagery. Hence, mismatch may be possible. It is to declare the following:

- Forest Land, Gaothan boundary on the map is tentative and it will be considered final as per revenue department records.
- The plot boundaries shown on the map should not be considered as ownership of land authentication.
- The Existing roads indicated in draft DP are as observed on site. These are not necessarily authorised means of access.

Physical features (Structures, Roads, Water body- Rivers, Ponds etc.) have been extracted from satellite imagery and superimposed on cadastral maps. In case of discrepancy, the survey map by DSLR showing the physical feature will be considered final.
